

The Perfect Start with Passive Self-Ligation Orthodontics

Dr. Bader Borgan
BDS, MSc, MOrth RCSEd

Can you give your patients the million dollar smile?

Is it possible to get such a smile for patients with severe teeth crowding without premolars extraction, without Veneers and without surgery? Is it possible to get such a smile in periodontally drifted teeth, without extraction, crowns or dentures?

**With today's technologies at hand,
the simple answer is *yes*.**

This course with Dr. Borgan will give you great insights into what is possible to achieve with the most famous PSL system, the Damon System.
